

Devon Hockey Website & Email Addresses

Updated: 1 August 2010

The Devon Hockey Website (DHW) is an online internet based system, that is used by Devon Hockey Association (DHA) and Devon Hockey Umpires' Association (DHUA) to provide a 'one stop shop' approach to all matters related to Devon Hockey. Certain items may be delegated to other websites linked to the DHW (e.g. Devon Junior Hockey).

The information on the DHW is entered by:

- Individuals listed on it (via their Personal Area)
- Hockey Club Administrators (via the Club & School Administration Area)
- DHA and DHUA website administrators (via the Admin Area of the DHW).

Some information on the DHW is 'linked' to external websites, such as certain parts of league fixture information that is entered and updated on these other websites that is then 'copied' across by underlying code to the DHW. A similar system exists for 'higher authority' umpire appointing.

DHA and DHUA use the information on the DHW to communicate with individuals, clubs, etc. to aid the smooth and efficient running of their respective associations.

The majority of this communication is by email. Therefore, it is VITAL that all email addresses are kept up-to-date. This is the responsibility of the individual, club or association concerned.

Any emails that bounce back will be crosschecked against an online email checking tool and if found not to be valid will be deleted from the DHW without recourse to anyone.
