How do I become a Level 1 Assessed Umpire?

If you are now a Level 1 'unassessed' umpire, a member of DHUA and wish to progress to Level 1 Assessed Umpire please contact a member of the Selection and Coaching Committee in the first instance.

You will then be asked to make yourself available for an assessment game, away from your club at a location and time convenient for yourself and an assessor appointed by DHUA.

You will then be assessed in accordance with the EH criteria for a Level 1 Assessed Umpire and if successful EH will be informed of your achievement so that they can update their records.

Details of the assessment process and criteria can be found by following this link <http://www.devonhockey.net/handbook/handbook71.pdf?20140917141659> or from the Downloads section of the DHUA website.
